INTERLOCAL AGREEMENT
BETWEEN THE SPOKANE TRANSIT AUTHORITY AND THE CITY OF SPOKANE
FOR PROPERTY ACQUISITION, OWNERSHIP, PERMITTING AND OPERATION
OF BUS RAPID TRANSIT STATIONS AND RELATED FACILITIES
FOR THE CENTRAL CITY LINE PROJECT ("AGREEMENT")

This Interclocal Agreement ("Agreement"), made and entered into this ___ day of August, 2019, by and between the Spokane Transit Authority ("STA") and the City of Spokane, (the "City"), each a municipal corporation of the State of Washington, hereinafter sets forth a common agreement concerning the Central City Line Project's ("Project") bus rapid transit ("BRT") stations ("Stations") component, a cooperative effort as authorized by Chapter 39.34 RCW.

RECITALS

WHEREAS, STA plans to install Stations as part of the Project, as required by the Federal Transit Administration ("FTA") under the federal definition of a Small Starts BRT project; and

WHEREAS, STA and the City have collaborated on Stations requirements, permitting and expectations for Station operations as part of BRT on the Central City Line Corridor ("Corridor"); and

WHEREAS, in 2019, STA is executing an FTA Small Starts Grant for full funding and implementation of the Project; and

WHEREAS, the Parties mutually agree to carry out Stations along the Central City Line Corridor, subject to specific tasks, responsibilities, designs, and long-term objectives for the Stations Project contained in this Agreement; and

NOW, THEREFORE, pursuant to RCW 39.34 RCW and in consideration of the terms, conditions, covenants, and performances contained herein, as well as the attached Exhibits which are incorporated and made a part hereof, the parties agree as follows:

ARTICLE I

RECITALS ADOPTED. The recitals set forth above are hereby adopted as the factual basis for this Agreement.

ARTICLE II

PURPOSE. The Parties mutually agree to interpret and implement this Agreement for the purpose of and consistent with the following long-term objectives of Stations to:

1. Help reduce transit travel time and increase on-time trip performance along the Central City Line corridor between the Browne's Addition neighborhood and Spokane Community College.
2. Attract, together with other transit enhancements, more riders to transit, thus reducing the number of vehicles using the corridor, in turn reducing traffic congestion and pavement wear-and-tear due to vehicular traffic.

3. Produce a system of Stations at selected and defined locations (see Exhibit A) between Browne’s Addition and Spokane Community College through Downtown Spokane, the University District and Gonzaga University.

4. Purchase property rights of way (“ROW”) for such Stations.

5. Obtain City permits for such Stations in order to operate such Stations in perpetuity.

ARTICLE III

Agreement means this document and all Exhibits attached and subsequent amendments hereto.

Continuing Control means the conditions of the FTA Small Starts Grant that require that the Stations be used specifically for Station purposes on the Corridor and maintained in a state of good repair.

Corridor means the surface street route between Browne’s Addition and Spokane Community College through Downtown Spokane, the University District and Gonzaga University.

Project means the Central City Line Project, a six-mile bus route between Browne’s Addition and Spokane Community College, with construction beginning in 2020 and completion expected by late spring 2022.

Station or Stations means the component of the Project regarding the acquisition by the Parties of rights of way, transfer of rights of way and maintenance responsibilities, permitting and operation of Stations to serve the Project.

ARTICLE IV
TERMS

A. RESPONSIBILITY OF BOTH STA AND THE CITY

1. Grant to Use City Right-of-Way: Pursuant to RCW 36.57A.110, the City acknowledges and affirms STA’s permanent, non-exclusive right and authority to use the City’s rights-of-way for the Project. This Agreement is intended to satisfy FTA requirements for continuing control and has been reviewed and approved by the FTA.

2. Maintenance: STA shall be responsible for maintenance at each Station location, including the sidewalk if it is part of the transit fare zone (that is, part of the Station platform).
B. RESPONSIBILITY OF STA TO THE CITY

1. Rights of Way Provided. STA, as part of the Project, will acquire permanent ROW, along the Corridor pursuant to STA, State of Washington and Federal Transit Administration ("FTA") acquisition regulations, rules and procedures utilizing federal and state grants for the purpose of constructing, operating, and maintaining Stations. STA shall record and transfer said ROW to the City using the City's deed template. STA shall also acquire and retain ownership of temporary construction easements for the duration of the construction, which will expire upon construction completion, which easements may be recorded at the landowner's request.

2. Ownership Transferred. Upon acquisition of ROW, STA shall deed the ROW to the City using the City's template for such transactions.

3. Station Maintenance and Operation Payment Obligation of STA. STA will be responsible for the maintenance and operation of the Stations as set forth in A.2 above.

C. RESPONSIBILITY OF THE CITY TO STA

1. City Action Upon Transfer of ROW Ownership. The transfer of the ROW deeds by STA, and completion by STA of City requirements for such are expressly conditioned upon the City's acknowledgement that the ROW acquired for the Project will be used in perpetuity for the Stations unless mutually terminated by STA and City.

D. FINANCIAL PROVISIONS

As set forth in Article IV, Subsection B.1 above, STA agrees to acquire the ROW necessary for the Stations at STA expense using funding as specified above. The City has no financial obligation whatsoever for the acquisition of ROW under this Agreement or otherwise.

The City has appointed Senior Civil Engineer Mike Nilsson, Senior Engineer of the Department of Public Works as the liaison for the City for these rights-of-way transactions. These individuals shall communicate regularly to discuss the status of tasks and services related to the successful performance of this Agreement.

2. Changes to Project Manager/liaison designation(s) shall be communicated between both parties no later than two (2) weeks prior to the change occurring.

F. MANAGEMENT, INVENTORY AND ANNUAL CERTIFICATION

STA shall be responsible for maintaining the record of negotiations as well as the recording of deeds for the Project's Stations component prior to transfer of ownership to the City. The fiscal record keeping shall consist of procuring the necessary ROW, and as necessary,
transferring ownership of the ROW identified in the Project plans and special provisions. The City acknowledges that STA is acquiring ROW with federal grant funds. Transfer of ownership of any ROW shall be in accordance with any FTA requirements.

G. INDEMNIFICATION

1. STA agrees to indemnify, defend, save and hold harmless the City, its officials, employees, and agents from any and all liability, demands, claims, causes of action, suits or judgments, including costs, attorney fees, and expenses incurred in connection therewith, or whatsoever kind or nature, arising out of, or in connection with, or incident to, the performance of services by STA pursuant to this Agreement.

   a. In the event that any suit based on such a claim, demand, loss, damage, cost, or cause of action is brought against STA, the City retains the right to participate in said suit if any principle of public law is involved.

   b. This indemnity and hold harmless shall include any claim made against the City by an employee of STA or subcontractor or agent of STA, even if STA is thus otherwise immune from liability pursuant to the workers' compensation statute, Title 51 RCW, except to the extent that such liability arises from the sole negligence of the City. STA specifically acknowledges that the provisions contained herein have been mutually negotiated by the parties and it is the intent of the parties that STA provide the broadest scope of indemnity permitted by RCW 4.24.115.

2. The City agrees to indemnify, defend, save, and hold harmless STA, its officials, employees, and agents from any and all liability, demands, claims, causes of action, suits or judgments, including costs, attorney fees, and expenses incurred in connection therewith, or whatsoever kind or nature, a rising out of, or in connection with, or incident to, the performance of services by City pursuant to this Agreement.

   a. In the event that any suit based on such a claim, demand, loss, damage, cost, or cause of action is brought against the City, STA retains the right to participate in said suit if any principle of public law is involved.

   b. This indemnity and hold harmless shall include any claim made against STA by an employee of the City or subcontractor or agent of the City, even if the City is thus otherwise immune from liability pursuant to the workers' compensation statute, Title 51 RCW, except to the extent that such liability arises from the sole negligence of STA. The City specifically acknowledges that the provisions contained herein have been mutually negotiated by the parties and it is the intent of the parties that the City provide the broadest scope of indemnity permitted by RCW 4.24.115.
