

The Division Street Bus Rapid Transit (BRT) project will convert the existing Route 25 to BRT service, with new stations and roadway modifications that will provide faster, safer, and more reliable bus service. This summary highlights the features and opportunities relevant to future BRT stations.

This station will...

Connect to bike-friendly facilities, such as the bike lanes on East Central Avenue

Approximately 28% of households within a 0.25 mile walkshed of the project area are considered very low income

Update and improve the existing Route 25 bus stop at this intersection by adding amenities while considering the adjacent property, existing vegetation, and access needs

Improve frequency of access to nearby destinations such as Burlington Coat Factory, North Spokane Urgent Care, Providence Holy Family Hospital, and other services and eateries

Station Features

- In-lane bus pad
- Existing sidewalk integrated into the station design
- 11' x 60' bus platform

Draft station drawing - design in progress

Street view of the station location, looking north (Google Street View)

Division BRT alignment, Rowan Ave to Francis Ave

Draft corridor rendering - Division at Price/Magnesium to Division/Ruby couplet - future condition
